Comparative Resume Generation using Multiple LLMs

In Partial Fulfillment of the Requirements for:

GE 4120 Elective 3

Evidientes, Paulo Joaquin S.

Prompt:

“Create a one-page professional resume using the following details:

Full Name: Paulo Joaquin Serdoncillo Evidientes
Contact Information:

Mobile Number: 09350525249
Email Address: evidientespaulo@gmail.com
School Email Address: pjsevidientes@addu.edu.ph

Education:

Elementary: Notre Dame of Dadiangas University, General Santos City
Junior High School: Notre Dame of Dadiangas University, General Santos City
Senior High School: Notre Dame of Dadiangas University, General Santos City
Undergraduate/College: Ateneo de Davao University, Davao City (present)

Skills:

Proficient in Microsoft Office (Word, Excel, and Powerpoint)
Knowledgeable in AutoCAD
Highly organized and efficient
Ability to work independently or as a team
Eager to learn
Reliable and Goal-Oriented
Dedicated and Committed

Experiences/Projects:

Leadership & Organizational Experience

Supreme Student Government (SSG) Senior High School | Treasurer & Finance In-Charge (S.Y. 2022–2023)

- Managed organizational finances and headed the Finance Committee for various school-wide events.
- Served as Chairperson of the Food Committee, overseeing catering and logistics for large-scale activities.

Peer Facilitators Group | President (S.Y. 2021–2022)

- Led the organization as the primary head, presiding over meetings and coordinating group initiatives.

Commission on Elections (COMELEC) | Cluster A Representative (S.Y. 2022–2023)

- Organized and managed the "CLASH 2022" SSG elections, including preparation, dry runs, and the official livestream.

Technical & Academic Projects

Aerospace Engineering Research | Lead Researcher/Developer (Ongoing)

- Developing technical implementations for Unmanned Aerial Vehicles (UAVs) focused on biomass waste mapping in the Philippines.

- Utilizing ResNet50 and programming in C/C++ for numerical methods and engineering simulations.

Solar Night Light Assembly | TESDA Course Completer (April 2023)

- Successfully completed a technical course in solar light assembly under the Technical Education and Skills Development Authority.

Achievements

Institutional School Awards

Over-All Champion | University Week: ANI (2023)

Champion | NDDIGMA: E-tramurals – Call of Duty Mobile (2021)

Overall 4th Runner Up | Intramurals: PANIMPALAD (2022)

Certifications and Recognition

Certificate of Recognition | For dedication as an SSG Volunteer during Buwan ng Wikasaysayan (SAGWAN 2022).

Certificate of Recognition | For service as the Cluster A COMELEC Representative during the SSG Elections.

Certificate of Completion | Solar Night Light Assembly (TESDA).

Leadership Training & Workshops

Participant | Supreme Student Government Semestral Planning and Leadership Training (October 2022).

Participant | Writers' Workshop Phase 1 (2023).

Participant | Work Ethics, Rights, and Responsibilities in the Workplace Seminar (March 2023).

Use a clean, modern, and minimalist format with clear section headings. Ensure the tone is professional and suitable for an entry-level engineering internship. Keep the content concise and strictly limited to one page.”

LLM Outputs:

Gemini AI:

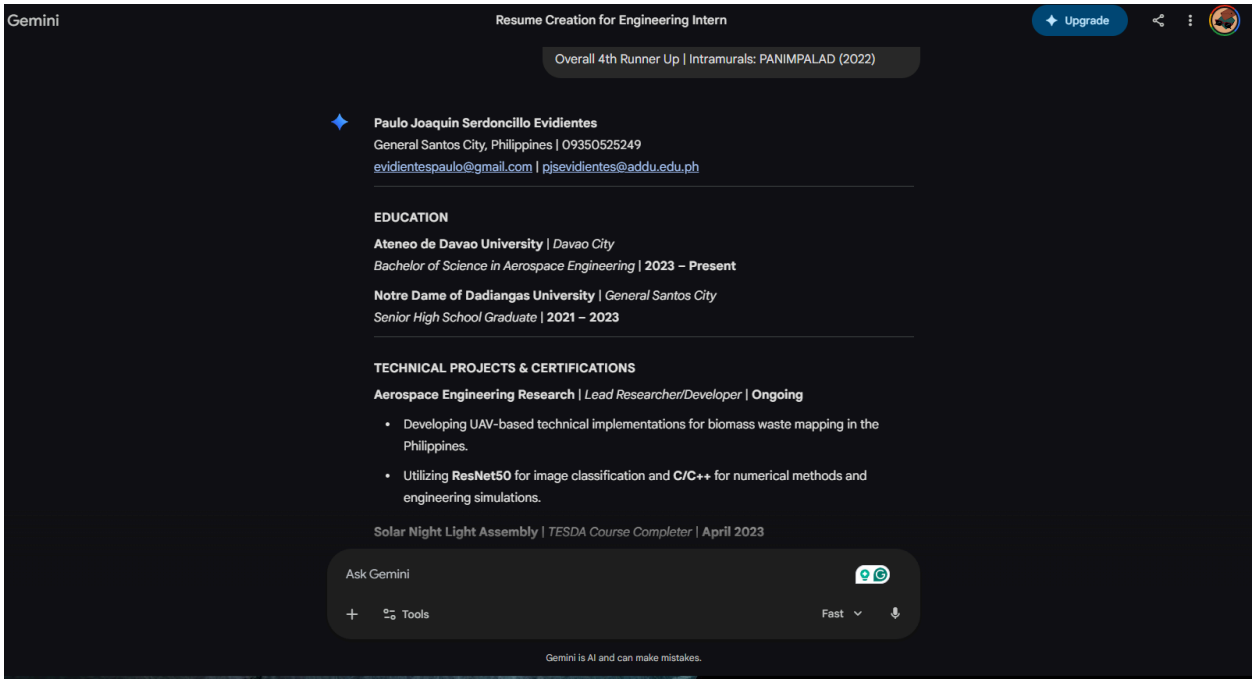

Figure 1.1. Gemini AI Output

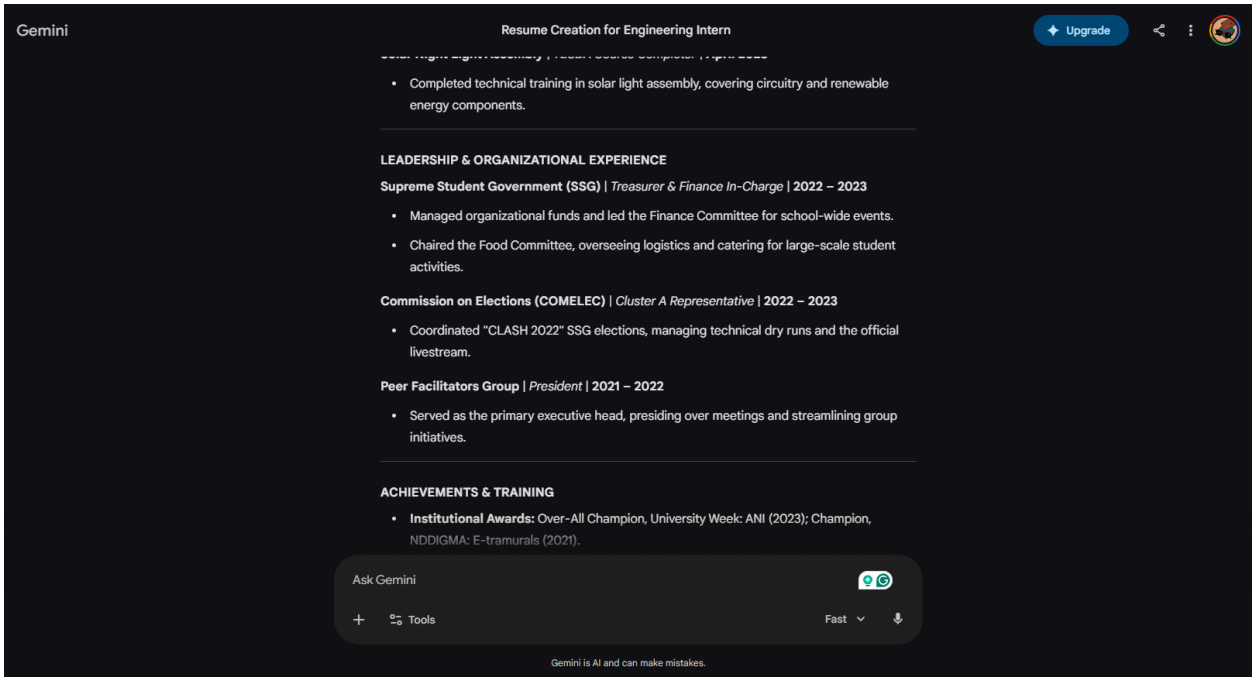

Figure 1.2. Gemini AI Output

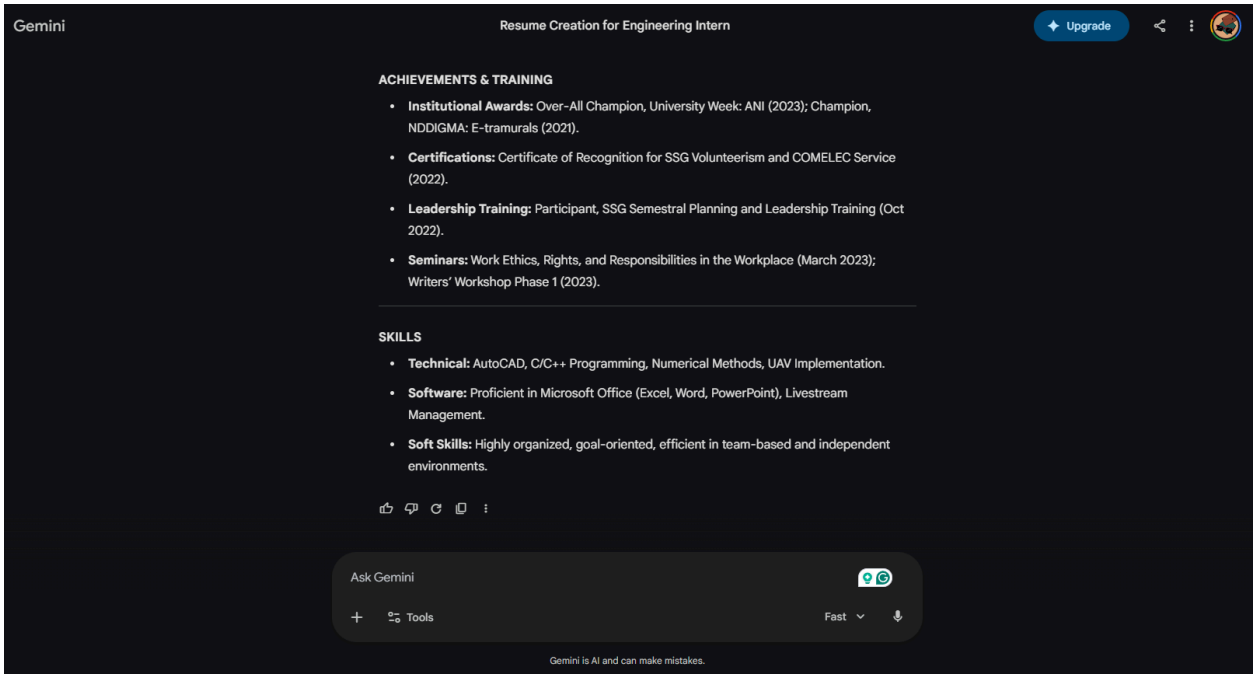

Figure 1.3. Gemini AI Output

Perplexity AI:

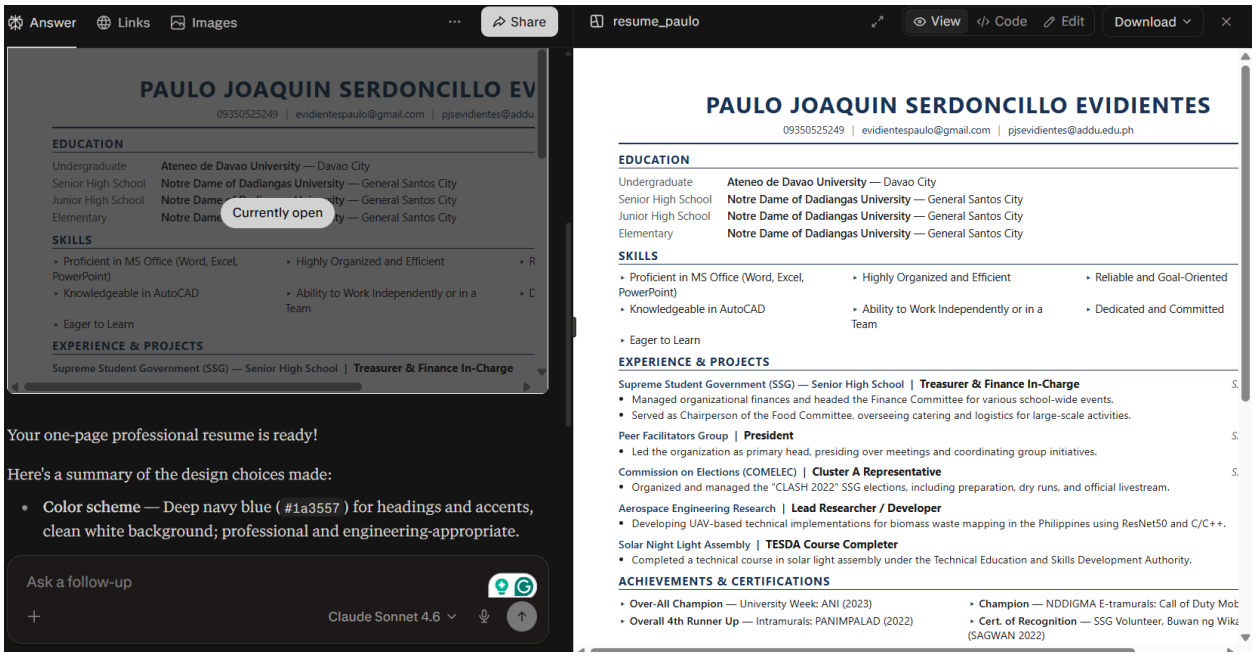

Figure 1.4. Perplexity AI Output

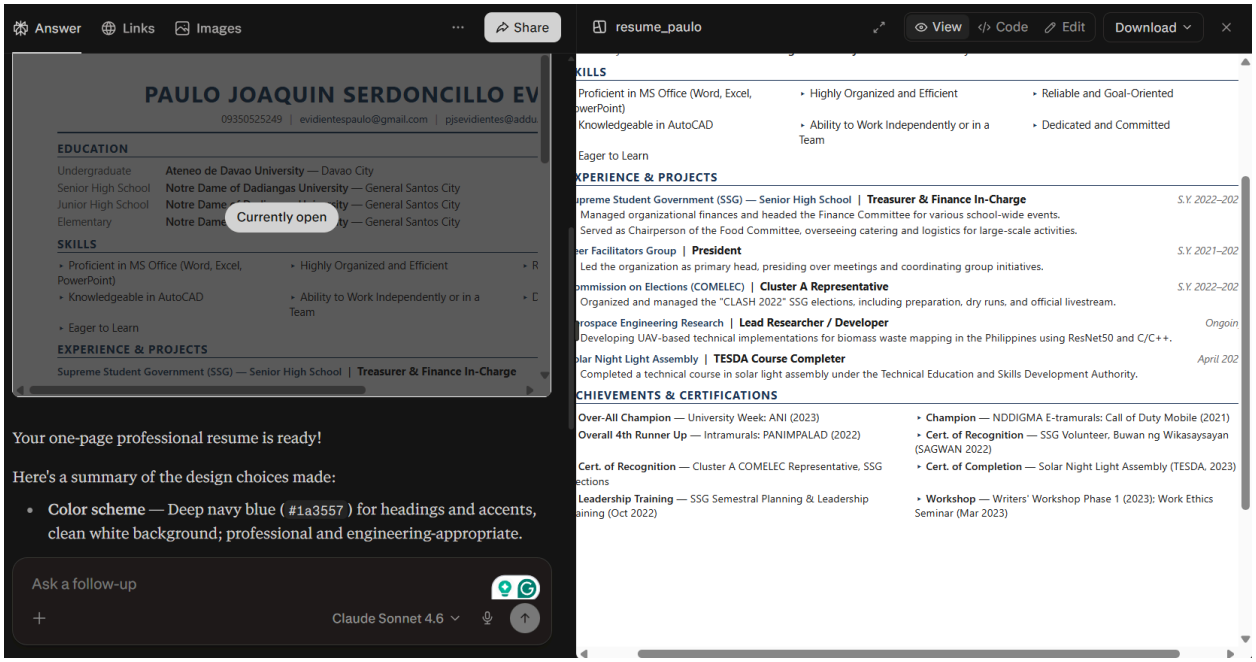

Figure 1.5. Perplexity AI Output

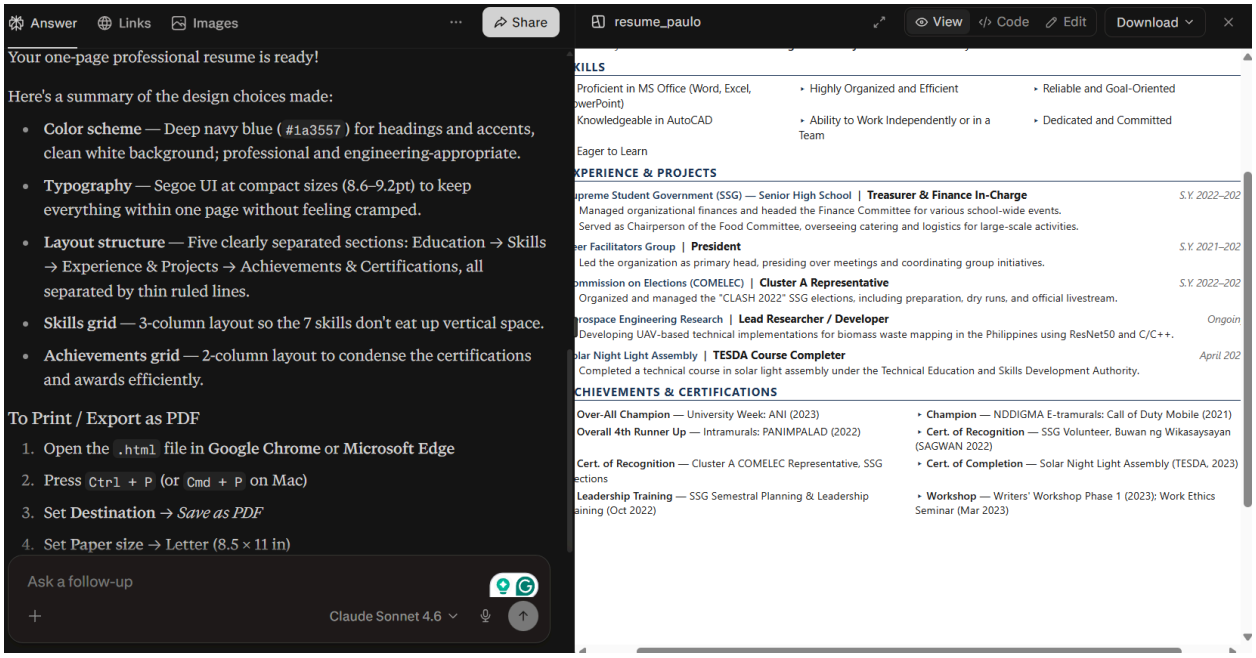

Figure 1.6. Perplexity AI Output

Comparison Table

Feature	Gemini AI	Perplexity AI (Claude 3.5 Sonnet)
Visual Design	Primarily text-based output within the chat interface, requiring manual formatting for a final document.	Generated a highly visual, pre-formatted "ready-to-print" resume with a deep navy blue and white color scheme.
Content Density	Grouped achievements and training more broadly, which kept the layout simple but slightly less detailed.	Used multi-column grids (3-column for skills, 2-column for achievements) to maximize space and condense information efficiently.
Typography	Standard font presentation within the AI's response window.	Specifically utilized Segoe UI at compact sizes (8.6-9.2pt) to ensure the document did not feel cramped despite the heavy content.
User Guidance	Focused on delivering the text of the resume itself.	Provided detailed design summaries and specific instructions on how to export the final result as a PDF.
Technical Focus	Included "Livestream Management" as a technical skill, emphasizing the specific tasks of the COMELEC role.	Emphasized a clean "Undergraduate" education hierarchy, listing all schooling levels from Elementary to College .

Table 1.1. Comparison Table of Gemini AI and Perplexity AI

Reflection

In this laboratory activity, I evaluated the capacity of two Large Language Models (LLMs), Gemini AI and Perplexity AI, to synthesize a complex blend of aerospace technical skills and high-level leadership experience into a professional resume. As a third-year Aerospace Engineering student, my background includes niche research in UAV biomass mapping and C++ simulations, alongside significant management roles in student government. This diversity of data provided a strong test for each AI's ability to prioritize and format information.

I observed that while both models were accurate in content, their "intelligence" regarding layout differed significantly. Gemini was reliable for generating professional bullet points, but Perplexity (via Claude 3.5 Sonnet) was far superior in its architectural approach to the document. By using compact typography and multi-column grids, it proved that AI can act not just as a writer, but as a graphic designer.

Furthermore, this exercise has significantly refined my ability to translate complex academic research, such as my work with ResNet50 and UAV biomass mapping. Beyond simply updating a resume, I have begun to master the emerging discipline of prompt engineering. I learned that by providing specific constraints, such as the XYZ formula for action items and role-playing personas, I could steer the AI toward more analytical and professional outputs.

Final Resume

PAULO JOAQUIN SERDONCILLO EVIDIENTES

09350525249 | evidientespaulo@gmail.com | pjsevidientes@addu.edu.ph

EDUCATION

Undergraduate	**Ateneo de Davao University** — Davao City	*Present*
Senior High School	**Notre Dame of Dadiangas University** — General Santos City	
Junior High School	**Notre Dame of Dadiangas University** — General Santos City	
Elementary	**Notre Dame of Dadiangas University** — General Santos City	

SKILLS

- Proficient in MS Office (Word, Excel, PowerPoint)
- Highly Organized and Efficient
- Reliable and Goal-Oriented
- Knowledgeable in AutoCAD
- Ability to Work Independently or in a Team
- Dedicated and Committed
- Eager to Learn

EXPERIENCE & PROJECTS

Supreme Student Government (SSG) — Senior High School | **Treasurer & Finance In-Charge** *S.Y. 2022–2023*

- Managed organizational finances and headed the Finance Committee for various school-wide events.
- Served as Chairperson of the Food Committee, overseeing catering and logistics for large-scale activities.

Peer Facilitators Group | **President** *S.Y. 2021–2022*

- Led the organization as primary head, presiding over meetings and coordinating group initiatives.

Commission on Elections (COMELEC) | **Cluster A Representative** *S.Y. 2022–2023*

- Organized and managed the "CLASH 2022" SSG elections, including preparation, dry runs, and official livestream.

Aerospace Engineering Research | **Lead Researcher / Developer** *Ongoing*

- Developing UAV-based technical implementations for biomass waste mapping in the Philippines using ResNet50 and C/C++.

Solar Night Light Assembly | **TESDA Course Completer** *April 2023*

- Completed a technical course in solar light assembly under the Technical Education and Skills Development Authority.

ACHIEVEMENTS & CERTIFICATIONS

- **Over-All Champion** — University Week: ANI (2023)
- **Champion** — NDDIGMA E-tramurals: Call of Duty Mobile (2021)
- **Overall 4th Runner Up** — Intramurals: PANIMPALAD (2022)
- **Cert. of Recognition** — SSG Volunteer, Buwan ng Wikasaysayan (SAGWAN 2022)
- **Cert. of Recognition** — Cluster A COMELEC Representative, SSG Elections
- **Cert. of Completion** — Solar Night Light Assembly (TESDA, 2023)
- **Leadership Training** — SSG Semestral Planning & Leadership Training (Oct 2022)
- **Workshop** — Writers' Workshop Phase 1 (2023); Work Ethics Seminar (Mar 2023)
